NOTES FROM COUNTY EXTENSION WORK

D. H. Ridley, County Agent; Gilberta P. Watters, County Club Agent; Ada Brewster, Home Demonstration Agent

CLUB ENROLLMENT

Last year, Oxford County had the largest enrollment of any county in the state. We want to hold that record this year. Boys and girls from ten to twenty-one should get in touch with the local leader in their community and sign up for a project right away.

The following projects are open to boys and girls in Maine:

Bean	Garden
Canning	Pie
Click Raising	Potato
Cooking and House	Poultry Management
Knitting	Room Improvement
Sweet Corn	Sewing
Dairy	

Other counties are fast catching up—let's keep ahead.

MAKING SOMETHING OUT OF NOTHING

By ripping up old garments and using the material again in making various articles of clothing, some two hundred and thirty girls as members of the 4-H sewing clubs in Oxford County have recently found it possible to "make something out of nothing" according to Gilberta Watters, County Club Agent. Thrift and economy in making their own clothes was stressed especially this year. Often materials from two old garments were used in making one new article of clothing that was cut and fashioned according to the latest mode. Several of the club members have made attractive laundry bags, aprons, and even dresses from flour sacks as a result of their 4-H club instruction. Thrift and economy are necessary in the life of every 4-H club member if he is to get out of the work all that there is in it.

SIXTY-EIGHT CLUBS GOAL FOR OXFORD COUNTY

Every community should have one or more clubs. A club may be composed of either boys or girls or both from the ages 10 to 21. First two steps in organizing are:

1. Get in touch with the county club agent, South Paris.
 2. Call the boys and girls together and have the county club agent present club work to them.
- Requirements of a standard club:
1. A standard club shall have a membership of at least five working on the same project.
 2. There shall be a local club leader in charge during the club year.
 3. There shall be a local club organization with the necessary officer and duties.
 4. There shall be a definite club year program of work.

OXFORD COUNTY UNITED PARISH

Church Attendance Record—Mr. Palmer in Charge of Club—Superstition Party.

The record of church attendance for the month of December, as published in the Parish calendar last Sunday, shows East Stoneham and Waterford Federated at the top, with very little difference in the average. East Stoneham was at the top with an average of 33. If those who attend feel there is something there worth going for, they should tell their neighbors, and bring them along next Sunday.

In addition to the many other jobs which he is doing in the Parish, Mr. Palmer is taking charge of the Waterford Boys' 4-H Club. They are having their first meeting on Saturday of this week. Charles Fillebrown and Dr. Hubbard are to be the assistants. Activities in addition to the regular 4-H Club work are being planned.

Though there is a great amount of sickness, the attendance at the Council Meeting last week was very good. Many helpful suggestions for the parish work were given. Mr. Bull pointed to the great success of the traveling library and said that it could use all the help of one man if everyone who would like to read received books. From Mr. Bull's book box alone, over one hundred loans were made during the past two months. Any people in the parish who would like reading material, either books or magazines, just make your needs known to some member of the staff.

On Friday, the 13th, in the evening, at East Stoneham, there will be a Superstition Party. Young and old are invited. Be there for a good time at the expense of your superstitions.

The members of the staff are finding many sick folks as they make their calls to deliver calendars and extend a New Year greeting to the families of the parish.
